

WELCOME TO
OLSEN'S DENTAL NEWSLETTER
APRIL 2022

THANK YOU

It has been a very hard two years for us all in many different ways, and we hope you are keeping well. We would like to take this opportunity to say a big THANK YOU to all our patients. We are truly grateful for the loyalty you have shown us during this difficult time.

From Olsen's Dental Practice Team

**A warm smile
is the universal
language
of kindness.**

~William Arthur Ward

MEET OUR NEWEST MEMBER OF THE TEAM

DR DANIEL MALL graduated from Newcastle University School of Dental Sciences where he obtained his Bachelor of Dental Surgery (BDS) degree in 2017.

He completed his Dental Foundation Training and went on to complete a year as a Dental Core Trainee in Oral Maxillofacial surgery at the Luton and Dunstable Hospital.

He aims to put his anxious patients at ease with a gentle and calm approach and to provide high quality dentistry with a strong emphasis on patient education and prevention.

Daniel will be at the practice on Wednesdays and Saturdays and looks forward to meeting you and taking care of your dental needs.

To find more about Daniel please visit our website:

TREATMENTS OFFERED AT OLSEN'S

Braces - fixed white braces and clear aligners/Invisalign - for both children and adults.

Tooth Whitening - home kits and in chair whitening.

Implants - replace missing teeth.

Facial Aesthetic Treatments - by the very experienced Dr. Irene Nuta
General Dentistry (also provided now by Dr. Daniel Mall).

STRAIGHT WHITE TEETH??

Why not? During this pandemic, many of our patients have been using Zoom and noticing misaligned and crowded teeth.

We have been very busy providing clear aligner and fixed brace treatments to correct misalignment and prevent further crowding. You can book a free chat with Dr. Olsen to see if you are suitable. She has 12 years' experience with brace treatments, and will advise you on what best suits your needs. Prices start from as low as £1500 per arch.

Do call Joanna to book if you are interested.

Recently finished a lower braces case. Notice how the lower right premolar came into line also. We were all so pleased with the result which will stop further crowding of teeth and uneven tooth wear of the edges. A fixed retainer helps to prevent everything moving back!
